

# Caravan And Camping Fire Safety Checklist

Stay Safe When Travelling!

## Fire Safety Essentials

- Working smoke alarm in caravan
- Fire extinguisher (in-date)
- Fire blanket
- Carbon monoxide detector
- First aid kit

## Campfire Safety

- Only light fires in designated areas
- Keep campfires small and contained
- Never leave a fire unattended
- Have water or a fire extinguisher nearby
- Fully extinguish the fire before going to bed

## General Tips

- Know the local fire restrictions
- Keep gas cylinders outside when not in use
- Turn off gas and appliances when not needed
- Store flammable liquids safely
- Have an emergency escape plan
- Maintain clear access for emergency vehicles
