

FLAMMABLE LIQUID EMERGENCY ACTION CARD

Australia | Fire, spill, burns and responder information

IF THE FIRE IS GROWING: LEAVE + CALL 000

Do not let an extinguisher, equipment or property block your escape decision.

1

FIRE: FIRST 60 SECONDS

- Raise the alarm and move people away.
- Call Triple Zero (000) when fire services are needed.
- Keep your exit behind you; do not enter smoke or vapour.

2

EXTINGUISHER DECISION

- Only for a small, contained fire.
- Use equipment clearly rated for Class B and the actual hazard.
- If one extinguisher does not control it, leave.

3

SPILL - NO FIRE

- Keep people and ignition sources away.
- Follow the SDS and site spill procedure.
- Do not casually switch fans or electrical equipment on/off.

4

BURNS / EXPOSURE

- Cool thermal burns with cool running water for at least 20 minutes.
- For chemical exposure, follow the SDS and first-aid advice.
- Poisons Information Centre: 13 11 26.

TELL EMERGENCY SERVICES

- Product name / UN number if known
- Approximate quantity and container/tank location
- People injured, missing or exposed
- Nearby cylinders, dangerous goods, drains or waterways

WORKPLACE READINESS

Current SDS available | correct labels | chemical register | spill plan | suitable extinguishers | trained people
